

Minimum List of Approved Classes

It is not expected that every show will hold this full list of classes. This is an approved list of classes that have been compiled by the Society to allow for local variations and strengths. The organiser of the Donkey & Mule classes at each show will select from the range below.

However, donkeys must be catered for at each show where classes for them have been established. Where mules will also be competing, then classes for them should be included. **Donkeys and mules must not be judged against each other.**

Where there are not enough entries to have separate classes donkeys and mules may be judged at the same time **but must be awarded separately**. This will work well in the performance sections. Where a show plans to vary from the established classes for donkeys or mules, the show should liaise with the Donkey & Mule Society's Show Secretary to ensure it is a format approved by the Society. The Show Secretary is Sherryn Green. (See contact details at end of document)
