# DEFINITIONS

## Hack over 158 cm

The ideal hack should be a sound quality animal with good conformation and even temperament. A top-class hack will also show elegance and gaiety and demonstrate very good movement. The stride is expected to be long, straight and light, covering a lot of ground with some extravagance. Exaggerated knee action is not desirable. The hack should possess the qualities of a good riding horse, presence, elegance and free movement. It is these qualities that catch a Judge's eye.

## Pack Hack over 148cm and up to 158cm.

The ideal Park Hack should be a sound quality animal with good conformation and even temperament. A top-class Park Hack will also show elegance and gaiety and demonstrate very good movement. The stride is expected to be long, straight and light, covering a lot of ground with some extravagance. The Park Hack should possess the qualities of a good riding horse, presence, elegance and free movement.

## Saddle Hunter Over 148cm.

The ideal Hunter under Saddle should have substance, be active and well mannered, with strong easy paces. A Saddle Hunter must be capable of carrying weight for long distances over varied country. Flat Hunters are expected to gallop in their work out and gallop must play a large part in the decision of the Judge.

## Riding Horse

This is a Show Horse of slightly less elegance and gaiety than a Show Hack. Over 148cm, it has more bone and substance than a Show Hack but is not as heavy as a Hunter; with workman-like strong even paces, excellent conformation, manners and temperament, and capable of carrying a Lady or Gentleman rider pleasantly over longer journey's than a Show Hack.

## Lead Rein & First Ridden Ponies

Both leading Rein and First Ridden Ponies should be safe and suitable. They should possess a good front, even gaits and not too wide for the small riders. The stride should not be too long, as they would unseat the rider and cause the rider to lose balance. Ideally the First Ridden Pony is a little more scopey in both conformation and movement than the Leading Rein pony, although many ponies compete successfully in both sections. Combinations in one section may not enter any other section. Lead Rein riders must be 7 years of age and under. Ponies to be led by an adult with the leading rein attached to the noseband of a snaffle bridle. Ponies will be asked to walk and trot, no cantering under any circumstances. Running or bearing reins or similar tackle are not allowed. PONY The ideal pony should be a sound quality animal with good conformation and even temperaments. A top-class pony will also show elegance and gaiety and demonstrate very good movement. The stride is expected to be long, straight and light, covering a lot of ground with some extravagance and free movement. The pony should possess the qualities of a good riding horse, presence, elegance and free movement. Ponies should have definite pony type and characteristics.

## Pony Club

This class is open to all riders. No height certificate is required.

## Novice

A Novice exhibit or rider is one that has yet to win six (6) classes in any division within the competitions provided by any A&P show/event.
