Media and privacy (images of children)

Our media and privacy policies are still work in progress and unfortunately not ready for this years show. While Boyd park is a public area are we respect everyone's rights to privacy and realize that we should not publish photos of children without a parent or caregivers permission. At this time we ask if you do not want photos taken please let us know and please tell any photographer you see close by to refrain.

We have several photographers on site. Most if not all have been approved by our executive committee and have been asked to ensure legal requirements are met or exceeded.

If by chance an image is released on our social media that does not meet a parents approval please let us know and our publicity team will ensure it is removed instantly.

ENTRIES CLOSE Midnight 2024-11-05

LATE ENTRIES (IF ACCEPTED) PAY DOUBLE ENTRY FEES

- 5 Entry Forms must be filled in by the exhibitor or some person authorized by him or her, and the entries are made subject to all Rules and Regulations of the Association in all respects.
- 6 A \$5.75 levy is to be charged for RAS per in-milk cow, per show i.e if an in-milk cow is entered in more than one class at a show then the levy is still \$5.75. There is no levy on exhibiting young stock.

Exhibitors and officials are reminded to familiarise themselves with the RAS All Dairy Breeds Code of Show Ethics, available to view at

[RAS-Dairy-Cattle-Show-Code-of-Ethics](#)

It is also recommended that exhibitors download, print and complete the Exhibitor Declaration Treatment Form (last page) of that document for each show attended, and keep a copy in their show box

The submission of an exhibitor entry or participation in the competition(s) by either written or electronic means, denotes that the exhibitor has read and accepted the TE AROHA AP&H Show Association Conditions of Entry, The RAS Dairy Cattle Show Code of Ethics, The Bio security (National Bovine Tuberculosis Pest Management Plan) Order 1998, The National Animal Identification Tracing Act 2012 and The Health and Safety at Work Act 2015. The attention of exhibitors is particularly drawn to the conditions relating to the misuse of substances, and the intention of the committee to undertake testing for forbidden substances and practices. Entry in the show entitles the association to publish an exhibitors name in results

BIO-SECURITY

A massive amount of work has been done by a large number of people from the agricultural bio-security system over the past few years. MPI, TBfree, NAIT and Ospri should be congratulated and applauded for their efforts. TB is heading downwards and Mbovis is close to being eliminated.

But it's not time to relax yet!

The full use of the NAIT system is what is making all these improvements possible. Te Aroha AP&H Show will fully comply to and support our exhibitors in compliance to using the NAIT system.

**All cattle will be checked for a NAIT tag as they arrive at the show
NO NAIT TAG = NO SHOW!**

This show is being conducted according to the
MPI Mycoplasma-bovis Bio-security Advice for Cattle Showing Events (May 2019)

As well as tag compliance, exhibitors will need to record movement to and from the event. This can be done up to 48 hours before show day and a tick box is available to indicate that the animal will be going home after the show which automates the sending movement back to the home farm – the NAIT contact centre can assist with this: 0800 482 463.

The risk of M. bovis spreading at cattle-showing events is low, so it's possible for these events to go ahead while the bacteria is being eradicated in New Zealand. However, appropriate protocols should be put in place to protect cattle exhibits, as there is still some risk wherever cattle may mingle.

Te Aroha AP&H Show NAIT number is

443104

All movements of cattle to the show are required to be recorded with Nait by the Te Aroha AP& H Show

TUBERCULOSIS

NO CATTLE FROM A MOVEMENT CONTROL HERD MAY BE EXHIBITED.

All animals entered for showing or exhibiting must be from a current TB Clear Status Herd.

If the animals are going to the event and coming back on the same day, then ASD's (TB Card) are not required when sending animals to the event. If there is a possibility for the animal to be sold, auctioned off or will be going to another property after the event then ASD's must be completed before they leave the property.

Mycoplasma-bovis

Each exhibitor MUST provide their own water trough(s).

Cattle from different herds must be kept TWO meters apart.

Nose to nose contact must be avoided

Milking equipment used at the show should be cleaned and disinfected between uses on animals from different exhibitors

COVID-19

If you are suffering from any signs or symptoms associated with Covid-19 immediately prior to the Show, please do not compete.

Cattle stewards notes

Please remember our judges, stewards and helpers are volunteers who give their time freely and should not have to deal with any threatening, abusive or violent behavior, be it done face to face, over the phone, in correspondence, or over social media.

Constructive criticism and hints of things we could have done better are very welcome after the show.

Please support those businesses that support the Te Aroha AP&H Show

Good luck to all exhibitors!
